Local Area Excursions/Evacuation practice to Manly Beach

During the school year, the teachers may organize local area excursions around the local area. They may walk from the school, along Pittwater Rd, down to the wharf, up the Corso, across to the beach front, across the road to Manly Oval or down to the Manly Surf Club.

In addition, if we need to evacuate or have a practice evacuation of the school, we usually evacuate to Manly beach.

By signing below, we give permission for my/our child _________________________ to attend local area excursions and to evacuate to Manly beach if required.
